

ANGUSPURE ENDORSED 2 YR BULLS FOR SALE IN 2011

Bull Lots that are identified in the catalogue with the **A** have been granted approval by Angus New Zealand and AngusPure Ltd to carry this endorsement.

To qualify for endorsement, bulls must have an AngusPure index in the top 50% of the breed. For 2011 only those animals with an AngusPure index of +\$44 and above meet the standard.

This gives you the buyer confidence that these sires are likely to leave progeny with superior carcase qualities and be keenly sought after by AngusPure partners for all our branded programmes.
